

3" HYDRAULIC CORNER SHORE

The Pacific Shoring 3" Hydraulic Corner Shore uses two 3" aluminum hydraulic cylinders mounted on 18" or 24" long heavy-duty waler rails. Heavy-Duty plywood handles are attached to the assembly for the purpose of lifting and setting the corner shore into place and providing vertical safety support so that the corner shore cannot fall into the excavation. In all situations, a competent person should determine that the corner shore is properly set and fixed into position.

- Up to 20 ft. Depth Rating in C-60 Soil
- 18" or 24" long Heavy-Duty Waler Rail
- Features Dual 3" Hydraulic Cylinders
- Steel Oversleeves Available
- End Loading Capabilities

"Commitment To Safety & Service"
